Secure Loc

3O2 AS

FRIDGE DESCRIPTION

- Built-in type
- 30 Liters
- 65 Watts
- 0.75 kWh/ 24 hours
- One adjustable internal shelf
- Two adjustable internal door balconies
- Absorption cooling unit
- Digital thermostat
- Fuzzy logic technology
- Automatic defrost
- LED interior light
- Reversible door
- Optional glass door

DIMENSIONS

Height	19.7 inches
Width	15.8 inches
Depth	16.5 inches

INSTALLATION EXAMPLES

The installation of a fridge in a furniture cabinet must be made carefully to ensure proper air circulation through the cooling unit. The drawings below depict two examples of correct installation. The vent or grill openings must allow a minimum of 94.5 sq inches (240 cm^2) of free air flow. A minimum air space of 0.8 (2 cm) to 1.6 inches (4 cm) between the cooling unit and wall must be observed.

For more information on correctly installing your fridge, please contact us directly.
